Publisher's Note

All praises are due to Allâh, the Lord all that exists. May Allâh's peace and blessings be upon His final Prophet and Messenger, Muhammad, his family and His Companions.

Darussalam is presenting a new series about the Child Companions around the Prophet ﷺ. These Companions are those who accepted Islam in their childhood and spent it being around the Prophet ﷺ and getting benefits from his teachings and learning from his manners. The Prophet ﷺ used to love the children and his behavior with them is a model to follow. We will see in the series how the Prophet ﷺ treated the children with kind words and he directed others to follow the same. He taught them the manners of eating, talking to their elders, behaving with other children, along with guiding them to the basic points of Islamic teachings.

We hope that these books will be greeted by our brothers as these are the source of providing their children the necessary knowledge about the many aspects of the Prophet's life and the Islamic teachings that should be provided to them.

Hasan bin ‘Ali

(May Allâh be pleased with him)

Whenever Hasan ؑ is mentioned, the Believer feels a special kind of love and he is seized by unique feelings of affection, for the Muslims are united in their love for him, just as they are united in their love for his grandfather ؑ.

There are a number of reasons for this love, the first of which is that he was the son of the Messenger of Allâh's daughter and because he was the son of the most beloved of women to the Prophet ؑ Fatimah Az-Zahra' and because he was deserving of that love, due to his character and his religion. He had great good fortune from his name (which means good), for he was of good character, good form, well spoken whenever he spoke, silent whenever it was most fitting to be silent, he gave well whenever he gave, he answered
